TN_VAG_02_17_Steering_wheel_connector

Application to:

- VAG cars with Sequential gear box
- VAG cars with DSG gear box

TN_VAG_02_17_Steering_wheel_connector

General information

Dear customers:

- In order to reinforce the linear fixation of the DEUTSCH steering wheel connector we add a circlip.
- Partnumber: [5F6419295A](#)
- This part is not represented on the parts catalogue. Add the reference and quantity you need in the “comment window” at the online order.

TN_VAG_02_17_Steering_wheel_connector

Installation process

- 1) Dismount the connector from the hub, opening the grub screw with allen-key 1.5 mm
- 2) Place the shim over the white cables
- 3) Open the circlip with a plier and place it to the slot on the connector
- 4) Assemble the connector back to the hub.
- 5) Align the connector coding. You can do it matching the connector to the column.
- 6) Re-tighten the grub-screw with allen-key 1.5 mm
